Skills:

I am fluent in English and Filipino. I am experienced in events organization, conducting member empowerment and project assessment seminars. I am also experienced in doing laboratory work and using analytical instruments. I am proficient in office/productivity suites. My skills include programming in C++, C# and using Photoshop. I can speak and write in basic French and can speak little Japanese.

Interests:

I enjoy basketball, badminton, swimming, listening to music, cooking, traveling and interacting with different people and cultures.
