Job Objectives Interested in wireless communication, hardware engineering, manufacturing, computer programming, design and development.

Education Bachelor of Science (2008)
Major in Electronics and Communications Engineering
Ateneo de Manila University
Consistent honor student (primary and secondary education)

Thesis Topic Wiitm secure – (signature steganography)

Co-Curricular Activities Active member, (2007-2003), AECES (Ateneo Electronics and Communications Engineering Society)
Active member, (2007-2003), Celadon (Filipino-Chinese organization)
Active member, (2007-2003), MISA (Management Information System Association)

Work Related Experience Assistant administrator, Squelch Networks, Urdaneta, Pangasinan

Seminars Attended Participant, Research Symposium (November 2006)
Participant, Thesis Defense (November 2006)

Skills and Talents I believe I am well equipped with electronic circuit analysis. I can speak fluent Filipino, Fookien, English and basic Mandarin. I get along exceedingly well with people. I have good research skills and I am well equipped when it comes to computer literacy specifically windows software. I am also exposed to programming using C, C++ and Visual Basic and also I am quite familiar to Linux OS. I am hardworking, responsible, open-minded, fast-learner, with an inquisitive and analytical mind.

Interests I like traveling, reading, watching movies, surfing the net, and camping. I also enjoy doing sports like basketball, volleyball, badminton, table tennis and swimming. I often open up electronic gadgets to see how they are manufactured and designed.
