Chief Financial Officer for events (2003 – 2004) Ateneo Special Education Society

Work Related Experience: Intern for Server Maintenance, Ateneo de Manila University

Skills: I am fluent in English and Filipino, and can read and understand a little German. I am capable of using a variety of software, from common programs such as Microsoft Office to writing code for C++ and Verilog HDL programming languages. I also possess higher-than-average knowledge with regards to the latest computer hardware. Finally, I am known have the clear and audible speaking voice necessary to deliver presentations, reports, or speeches.

Interests: My main interests lie in computers, from the hardware to games to internet browsing. Outside computers, I also like to play tennis, draw, and if possible, go sightseeing, whether in or out of town.
