August 7, 1987

5'10"
149 lbs.

Single
Filipino

Job Objective:

Interested in research, manufacturing, advertising and corporate planning

Education:

Bachelor of Science in Chemistry (2008)
Ateneo de Manila University
Dean's List, 1 semester (2007)
Makati Hope Christian School (1994-2004)

**Co-Curricular
Activities:**

Member, Ateneo Chemical Society (2004-2008)
Kimikainan Project Head, Ateneo Chemical Society (2007-2008)
Internal Secretariat, Ateneo Science Guild (2005-2006)
Member, Philippine Association of Chemistry Students (PACS)
(2004-2008)

**Seminars
Attended:**

Participant, Undergraduate Chemistry Research Seminars (2006-2008)
Participant, Seminar on Safety and Hazards (2006-2008)
Research Symposium (2007)

Skills:

I am a well rounded person with excellent research and technical skills in Chemistry as well as in Material Science Engineering. I am experienced in working with different instruments and equipment in laboratory such as infrared spectroscopy, differential scanning calorimetry, gel permeation chromatography. I am proficient in polymer synthesis and characterization. I am familiar and good in using different computer programs such as MS office, Adobe Photoshop, Premiere, Macromedia flash and Internet Explorer. I am fluent in English and Filipino. I have a good leadership and interpersonal skills also. I can work with different people even under pressure. I am also creative that's why I enjoy different arts especially photography.

Interests:

I enjoy different kind of sports such as swimming, volleyball, basketball. I love listening to different genre of music, travelling to different places. I like photography and other digital arts.
