

LOFRANCO, JAN LESTER GERARD M.

Samar
lester_lofranco-at-yahoo.com

20 years old
November 24, 1986

5'9 ½''
160 lbs

Single
Filipino

Job Objectives:

Currently interested in a summer on-the-job training or internship in any computer, communications or engineering related research, development, layout & design application

Education:

Bachelor of Science (2008)
Major in Electronics Communications Engineering (ECE)
Ateneo de Manila University
Philippine Science High School EVC (1999-2003)

Thesis Topic

Frequency Response of Porcine Skin for Various Applications

Co-Curricular Activities

Member, AMS (Ateneo Math Society) (2005, 2003)
Member, CERSA (*Cervini and Eliazo Resident Students Association*) (2004-2006)
Member, Blue Earth (2003-2004)
Member, ACIL (*Ateneo Catechetical Instructional League*) (2003-2004)
Member, AECES (*Ateneo Electronics and Communication Engineering Society*) (2005-2006)
Placement Representative (2005-2006)
ANI (*Alay ni Ignacio*), MATH faculty member (2006)

Seminars and courses Attended:

STRAINS, leadership seminar (2005)
7th National Electrical, Electronics Computer and Communications Engineering Conference (2006)
CMOS Analog Integrated Circuit Design Course (2006)
World Congress in Bioengineering, WCBE (2007)

Awards Received:

Deans list (1st & 2nd semester SY 2006-07)

Work-related Experience

Currently involved with the Ateneo ECE Bio-Medical Application Group for Skin Research
AECES Tutor
AMS Tutor

Skills:

I can speak and write well in English and Filipino. I have rather good interpersonal communication skills and can work well in an intensive and team based environment. I can handle basic troubleshooting in Computers. I am also familiar with some electronic software such as Electronic Work Bench (EWB) and Multisim and had a brief exposure to TSpice. I am computer literate in MS Office, as well as Windows Movie Maker and Pinnacle and Printshop. I am currently studying macromedia and Adobe Photoshop. I also know basic C++ programming. I would also like to explore other programming languages such as JAVA, or Verilog.

Interests:

I love reading, collecting books and watching anime. I constantly shop and watch the latest movies. I enjoy teaching. I like to chat and answer trivia. I am interested to learn French German or Mandarin. I occasionally swim and jog. I like to travel and make friends.
