

KATRINA D. MALABANAN

#2 Mayon St. Hacienda Heights Village, Concepcion Dos, Marikina City
0927-4188451, katrina.malabanan@gmail.com

22 years old
May 8, 1986

5'0
103 lbs.

Single
Filipino

Job Objectives: Interested in research and development, materials design, and manufacturing

Education: Candidate, Bachelor of Science (2009)
Major in Materials Science Engineering
Ateneo De Manila University

Bachelor of Science (2008)
Major in Chemistry
Ateneo De Manila University

Thesis Topic: Dye-Sensitized Solar Cells

Achievements: Poster Presentor (2008), NAST 30th Annual Scientific Meeting
Dean's Lister (SY 2007-08)
Outstanding Member Award (2004-2008), Ateneo Chemical Society
HS Valedictorian (2004), St. Scholastica's Academy – Marikina
Participant (2003), Ateneo Junior Summer Seminar

Co-curricular Activities: Member (2004-2009), Deputy House Head (2007-08), Finance Dream Team Member (2007-08),
Ateneo Chemical Society
Programs Head (November 2007), Ateneo Chemical Society 1st Annual Inter-High School
Chemistry Competition
Member (2004-2008), Philippine Association of Chemistry Students
Secretariat Core Member (2007-2008), Ateneo Freshman Orientation Seminar

Work-Related Experience: Author (March 2008), Laboratory Researcher (2007-08), "Carrageenan in Gel Electrolyte
Systems for Dye-Sensitized Solar Cells," Chemistry Undergraduate Thesis
Proctor (September 2006), Ateneo College Entrance Test
Examiner (June 2006), Ateneo Freshman Guidance Test
Documentations Head (December 2005), 1st Ateneo Chemistry Alumni Homecoming

Seminars Attended: Participant (July 2008), Symposium on Safety and Hazards, Ateneo De Manila University
Participant (July 2008), Technical Sessions on Energy Sources and Technology, NAST 30th ASM
Participant/Poster Presentor (March 2008), Interlinks 4.0, Ateneo Innovation Center
Participant/Presenter (November 2007-March 2008), Chemistry Research Seminar
Participant/Presenter (2006-07), Chemistry Undergraduate Seminar

Skills: I have excellent organizational, interpersonal, and leadership skills. I have good work ethic and fine technical skills in the Chemistry and Materials laboratories. I also have experience in marketing and handling finances. I am computer-literate in Microsoft Office programs, as well as AutoCAD software. I am very proficient in written and oral English and Filipino, and I am also familiar with basic French and Portuguese.

Interests: I am very fond of listening to music, singing, and watching television and movies. I also enjoy reading books and magazines, and surfing the internet. I take pleasure in cooking and arts and crafts, as well as in playing badminton, video games, and board games with my friends.
